

# **Toward the 2010 NPT Review Conference Appeal for a Nuclear Weapon-Free World**

Even now, in the 21st Century, world peace and security are still threatened by 26,000 nuclear weapons.

As the tragedies of Hiroshima and Nagasaki show us, nuclear weapons instantly destroy countless lives, torment people in future generations, and ruin civilizations.

The Hibakusha, the A-bomb survivors, continue to warn that humanity cannot coexist with nuclear weapons. Never again should we create more victims of nuclear weapons.

For the survival of the human race and for the future of our children, let us achieve a world free of nuclear weapons through our actions in solidarity.

Toward the 2010 Nuclear Non-Proliferation Treaty Review Conference, the nuclear weapons states are called to honor the “unequivocal undertaking” of May 2000 to eliminate their nuclear weapons.

We call on the nuclear weapons states and all other governments to agree to commence and conclude negotiations of a treaty, a nuclear weapons convention, to ban and eliminate nuclear weapons without delay.
